COURSEWORK

UNDERGRADUATE

- Web Developer Training From Internshala
- Competitive Programming From Coding Blocks
- Python Django Course Udemey
- Object Oriented Programming (With C++)
- Database Management System

SKILLS

PROGRAMMING

Over 20000 lines:

C/C++

Over 10000 lines:

PHP • Python • Django

Over 1000 lines:

HTML • CSS • Bootstrap

Familiar:

MySQL

EXPERIENCE

INSTAASTRO | SDE-INTERN

Feb 2022 - present | Noida

- Have made APIs by which user can login via phone in DRF
- Have made generations commands in python and DJANGO
- Have made backend functionalities of Arti page
- Automate slack notification after scheduling a livestream and pooja booking in Python and Django

SHIKSH SOPAN | DJANGO BACKEND DEVELOPER

April 2022 - present | Remote

- Working on NAEST exam landing page
- Made APIs for exam page in DRF
- Contributing to an NGO

CODEDRILLS | PROBLEM SETTER

July 2021 - present | Remote

- Have made problems of various topics like Dp, Graph, Recursion etc
- Problem Setting include making Problem Statements, Test Cases, Editorial etc

PROJECTS

SPLITWISE APP CLONE

Project Link:// [@CtRlbudget](#)

This app is clone of splitwise app. This app restructures debt within groups of people. It does not change the total amount that anyone owes, but it makes it easier to pay people back by minimizing the total number of payments.

Stack used - Front-End : HTML, CSS, Bootstrap.

Stack Used - Back-End: Python Django , Database : SQL

WEDISCUSSCP(MY FORUM) BLOG WEBSITE

Project Link:// [@WeDiscuss](#)

I have build a community to discuss Competitive programming and various programming related topics. A new user can make his/her account and start participating in discussion.

Stack Used : Frontend : HTML, CSS, Bootstrap

Stack Used : Backend : PHP , Database : SQL

ACHIEVEMENTS

- Tech Gig Code Gladiators 2021 finalist
- Specialist at CODEFORCES(Max 1527 rating)
- Secured 663 rank on Codeforces Coding Contest
- Purple at Codechef(Max 1932 rating)
- Secured 202 Global Rank on Codechef Coding Contest
- Secured 1st rank in Turing Test 6 coding contest out of 300+ teams
- 6 star on Problem Solving skill on Hackerrank
- Solved more than 1800+ Algorithm problems on Different Online judges
